# TOTAL PERFORMANCE ENERGY GEL

Total Performance Energy Gel from Isostar is an energy gel **specifically designed for athletes** participating in competitions. Thanks to its "Carbo Pump" complex – a rapid energy source comprising glucose syrup derived from cereals and dried fruit extract combined with vitamins B1 and C – it promotes vasodilatation and rapid transport of oxygen to vital organs and muscles. In addition, **its novel composition ensures fast assimilation and digestion**, particularly during intensive effort.

## When and how should Total Performance Energy Gel be taken?

*This product provides instant energy and is designed to be taken before sudden bursts of acceleration or uphill stretches or for a dip in performance. Its energising effect ensures high performance levels throughout the event and its presentation in supple, tear-open bags makes it easy to use during races and suitable for all events.*

**This product meets the requirements of the "Isostar Quality Contract" label guaranteeing the quality of products produced in our factories using regularly controlled food ingredients containing no illicit substances, in accordance with the AMA recommendations.**

Available in both apple and lemon flavour.

## AVERAGE NUTRITIONAL VALUES:

1 sachet = 35g.  
Flavours: apple, lemon.

	Unit	Content per 100g	% R.D.A.* per 100g	Content per sachet	% R.D.A.* per sachet
